## Fall in Love With the Most Popular Homes of September

By Erik Gunther | Oct 7, 2015

realtor.com

We counted all the clicks on [realtor.com®](#) in September to find out which homes made our users swoon.

It wasn't exactly a shock to see megamansions take four of the top 10 spots. After all, we're all curious to pull back the curtains on the homes of the ultrawealthy.

But among the luxury properties with in-home discos, copious closet space, and gargantuan garages, there are a handful of astoundingly *normal* homes on this month's hot list. Wanna go fishing? There's a picturesque place in Indiana with its own pond. Or perhaps you'd like to dip your toes in the Gulf of Mexico? There's an affordable home along the water in sunny Florida.
